TAKE THE NINJA CHALLENGE!

How to Play

Any number of people can play. Shuffle the cards, then deal them out face down. Hold your cards so that you can only see the top card.

1. The youngest player starts by choosing a skill and reading the score (e.g. Weapon 80). The other players then read out their scores.
2. The player with the highest score wins and places all the top cards including their own on the bottom of their pile.
3. The winning player then chooses a skill from the next card.
4. If there is a draw then all the cards are placed in the middle and the same player chooses again from the next card. The winner of that turn takes the cards in the middle as well.
5. The person with all the cards at the end is the winner!

RING OF SKY

One of the five elements a ninja lives by in their way of life
